Gulf Coast PHCC presented an educational grant donation to Fort Bend ISD-CTE. The grant was awarded to Gulf Coast PHCC from PHCC National, sponsored by Viega.

The FBISD CTE Plumbing and Pipefitting Pathway began in August 2019. The overall objective is to prepare students for entry level positions in the plumbing industry. Because the program is in the infancy stages, they need textbooks and other teaching resources approved by PHCC and purchased from Cengage Learning. They plan to implement the PHCC curriculum, student internships, and teacher externships during the 2020-2021 school year. All eligible students will obtain an apprenticeship registration card.
